# Description

Tervuren centre - The austere village facade of this building does not reveal the impressive and enormous space behind it... You get a wow-feeling on entering the building, which has been stripped to the bone by the architectural firm that owns it and rebuilt with great taste into a cosy and spacious workplace with lots of personality. The building offers +/- 525m2 of workspace. A few minutes' walk and you are in the city centre with numerous shops and restaurants. Ample free parking is within walking distance. The office consists of various workspaces, meeting rooms, a server room, a kitchen with adjoining dining area, toilets, shower room, a patio (+/- 38m2) and a mezzanine. The building is 100% ready to use and offers numerous exploitation possibilities: obviously as an original and attractive workplace/office, but also as event space, gym, co-working space,...
