Description

Tervuren centre - The austere village facade of this building does not reveal the impressive and enormous space behind it... You get a wow-feeling on entering the building, which has been stripped to the bone by the architectural firm that owns it and rebuilt with great taste into a cosy and spacious workplace with lots of personality. The building offers +/- 525m2 of workspace and also an upstairs triplex apartment with separate entrance (included in the price but no obligation to purchase). A few minutes' walk and you are in the city centre with numerous shops and restaurants. Ample free parking is within walking distance. Private underground car parks can also be provided. The office consists of various workspaces, meeting rooms, a server room, a kitchen with adjoining dining area, toilets, shower room, a patio (+/- 38m2) and a mezzanine. The triplex flat (+/- 176.8m2) consists on the first floor of an entrance hall, dining area, kitchen, bathroom, separate toilet, living area, two bedrooms and a south-west facing terrace (+/- 27m2). On the second floor, there are two bedrooms, bathroom and laundry corner. The building is 100% ready to use and offers numerous exploitation possibilities: obviously as an original and attractive workplace/office, but also as event space, gym, co-working space,...
